

KENJY OPTIMISTIC · CLUB · ONGOING

AI Money Club

Ongoing · Monthly implementation layer · Kenjy Optimistic Learning Path

Learn AI · Build your brand · Create content

Create. Educate. Elevate.

K.O. Entertainment · Edition 1.0 · Oct 2026

Keep going with a weekly rhythm, monthly lesson packs and accountability, so you keep building after the courses. The Club is where everything you learn gets *used*, together, every week.

Who it's for: anyone on the path, from Free Pack graduates to people finishing AI Agents.

What it is: the implementation layer. Courses teach the skill. The Club makes sure you apply it to your Signature Moment, ship it and review it, on a rhythm that fits real life.

What it isn't: a replacement for the courses, or a promise of income. It's structure, feedback and community.

From my life: between music, my work in digital marketing and service, and being a mom of twin boys, I need a rhythm, not a marathon. The Club runs on the same four blocks I teach in AI Made Simple: Plan, Create, Ship, Review.

The weekly rhythm (every week, every month)

Block	What happens in the Club	Pairs with
Plan (start of week)	Short lesson (live or replay) + this week's focus	Your current course module
Create	Worksheet + 5 short tip-script ideas for the week's theme	AI Made Simple content engine
Ship	Post or send one thing; share it in the win thread	Your Moment outputs
Review (end of week)	Check-in: results log + one change for next week	AI Made Simple M4 log

Community rules: be kind to beginners · share real work, not perfect work · no income claims · respect privacy (no one's face, kids or private story without consent) · feedback is specific and helpful.

How the Club lines up with the 12-week Learning Path

Club month	Theme	Path weeks	What you're building on the courses side
Month 1	Clarity: WHO · WHERE · WHAT · WHEN	1 to 4	Foundations, story, your locked track
Month 2	Offer: Prove · Package · Price · Publish	5 to 8	Video, page, Moment Helper, Moment launch

Club month	Theme	Path weeks	What you're building on the courses side
Month 3	Systems: Clients · Products · Pipeline · Stack	9 to 12	Final cuts, offers, organizing, capstone
Month 4+	Moment Months: a new Signature Moment every month	ongoing	Repeat the full cycle, faster each time
